

Got a Minute? Get in Compliance with Federal and State Laws!

One Minute I-9

Create I-9s quickly and painlessly with our One Minute I-9! With Guardian, your completed I-9s are automatically submitted to E-Verify®, organized, tracked and reported.

Tools for Federal & State Requirements

To help your organization comply with federal (i.e., amended Executive Order 12989 [EO13465]) and state laws that require mandatory participation in E-Verify®, Guardian provides seamless integration with the DHS E-Verify® system as an optional add-on feature by federal contract, state and business location.

As a DHS federally certified E-Verify® Web Services Designated Agent, Guardian will save your organization significant time and money by eliminating the need to spend hours reviewing the E-Verify® online tutorial and passing the qualifying test as well as by making duplicate data entry from paper I-9 forms into E-Verify® obsolete. E-Verify® batch processing of current federal contractor employees is also available.

With Guardian your organization can be in compliance in no time.

Training and Support

To ensure a smooth transition we provide various training options along with ongoing support and complete end-to-end project management.

Training only takes about two hours! In less than a day you can be up and running on the Guardian system.

ATS/Onboarding/HRMS Integration

Guardian offers real time employee data sharing (e.g., new hires and termination information) with ATS/Onboarding/HRIS systems (such as Taleo, Oracle and PeopleSoft) utilizing state-of-the-art encrypted web services protocols, thereby eliminating the need for duplicate data entry

Current I-9s? No Problem.

LawLogix offers comprehensive migration services of your pre-existing I-9s and supporting documents to Guardian.
