

**County of San Bernardino
Department of Behavioral Health**

INFORMATION NOTICE 11-14(R)

Date 12/21/2011

To Department of Behavioral Health (DBH) Contract Agencies, Vendors and Proposed Contractors

From Allan Rawland, MSW, ACSW, Director 

Subject E-Verify Program For County Contractors- **RETRACTION**

Introduction In September 2011, the Department of Behavioral Health issued Information Notice 11-14 that required all County contractors to certify employment eligibility on newly hired employees, directly assigned to County contracts, by using the Federal Internet-based employment eligibility verification E-Verify system. Due to a change in state law, the County determined E-Verify participation is voluntary, not required.

Retraction Effective immediately, this notice rescinds the previously issued IN 11-14 informing of the requirement for all County contractors to register with the E-Verify Program implemented on September 1, 2011.

On January 1, 2012, State Law (AB1236 - Employment Acceleration Act) prohibits the state, counties, cities, and special districts from requiring private employers to use the E-Verify Program. AB1236 does not prohibit the use of E-Verify; rather it prohibits local governments from requiring the use of E-Verify by private employers.
